

Human Soccer Field red/black

Life-size foosball!

This fun and sporty human foosball set is based on the rules of the table-sized game, but the fun thing about this one is that the players are human! By holding on to the handles in set positions, they are attached to the rods stretching across the field within the boarding. Our unique sliding system makes it easy to slide left and right. The high boarding prevents the ball from being kicked out of bounds. Will you and your team score the most goals?
