

Air Soccer

Score with Air Soccer

It may look like football, but it is not quite the same. Air Soccer is a challenging attraction in which small balls have to be blown into the goals. The constant flow of air from the cones can be used to blow the balls in the right direction. It is fun to play in teams of 1 to 2 players and 1 goalkeeper. Working as a team, you have to pass the opponent's goalkeeper to score a point. A fun game that is perfect to use during a variety of events for kids. Let those balls roll!

We have thought of everything

Easily set up the Air Soccer game within 5 minutes. The inflatable game comes as a compact package, allowing you to take it wherever you want. The game is conveniently supplied with balls, a blower, anchoring material, a transport bag and a clear manual. We have thought of it all - everything complete for a fantastic experience!
