

Aqua Run Crocodile 9M

Who is brave enough to swim past this floating crocodile?

And who is a true daredevil and is up for the challenge of climbing on the back of this giant crocodile? Because the back of this friendly water creature is completed with a variety of play options. Climbing, running, sliding, you name it! With this eye-catcher for the pool kids will be entertained for hours on end.

Safety is key

For years, JB has developed and manufactured attractions that can safely be used by any player. All water games we offer are certified in accordance with the NEN-EN 15649:2009 safety and quality standards. All attractions come with an approved inspection certificate, a blower, a log book and a clear manual. Every water attraction has several anchor points that have to be fastened with appropriate anchoring materials to keep the product in place and prevent it from floating off. A safe start to any party.

Premium quality

All water games we offer are made of strong, high frequency welded PVC material, weighing 900 gr/m². This is how we guarantee the quality of our products. In addition, the material has a useful protective coating that is resistant to chlorine and suitable for use in open bodies of water. This ensures the products are both durable and easy to keep clean. The Crocodile Run comes with a 1-year warranty.

Purchase this 9-meter crocodile obstacle course for use in the pool and give kids a splashing day of water fun to remember!

More than 15,000 customers in 15 years

We are proud to say that JB has made people around the world jump for joy well over 15 years now. More often than not literally!
