

# Aqua run Mega Marine 17m

## Playing on an XL run

With this extensive water obstacle course there is more to the adventure than just the obstacles - it comes with an additional competition element. The double climbing wall and double lane slide allows you to organize a competition for your visitors. The various large obstacles create a memorable playing experience on this incredibly long run of no less than 17 meters.

## Approved inspection to guarantee safety

For years, JB has designed and manufactured inflatable water attractions that can safely be used by everyone. We will provide you with an approved inspection certificate (NEN-EN 15649:2009), a blower, a Bravo air pressure gauge, a log book and a clear manual for all attractions. Each of them comes with several anchor points that have to be fastened with appropriate anchoring materials to ensure the object stays in place. Let's get the party started!

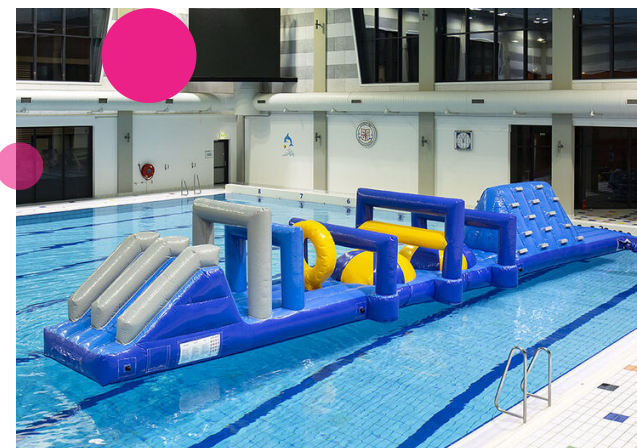

## Rely on JB's high product quality

In order to guarantee quality, we use high-frequency welded PVC material, weighing 900 gr/m<sup>2</sup> for all our water games. The material we use is strong and colorfast. In addition, the material is chlorine-resistant and suitable for use in water. This ensures the products are durable and easy to keep clean to boot. The Obstacle Run Marine XL comes with a 1-year warranty.

Purchase this 17-meter-long Obstacle Run Marine XL for use in a pool and give your guests a fun day to remember!

## More than 15,000 customers have also opted for JB

JB has made people around the world jump for joy for well over 15 years now. That's right, more often than not literally. Our team of designers, developers and logistics staff supply unique inflatable attractions in a grand way! Thanks to them, our customers are assured of our professional service and delivery. That is exactly why they tend to call us 'creators of greatness'.
