

Diving mat

Learning how to dive has never been more fun!

If you want to learn children how to dive and swim under water, these diving mats are ideal. The fun water animations will immediately intrigue kids. The diving mats are available with both 1 and 2 holes to dive through. Ordering a diving mat with your own design is also an option. Want to add your own logo, mascot or theme? Everything is possible at JB. Our design team is happy to help you, so feel free to contact us.

Complies with all swimming certificate requirements

For years, JB has designed and manufactured inflatable water attractions that can safely be used by everyone. In addition, the diving mat complies with swimming certificate requirements. The foam edge on top of the diving mat allows the material to float. Rolling out the mat and making it float wherever you want is quick and easy. Let's start the swimming lesson!

Quality and durable

In order to guarantee quality, we use high-frequency welded PVC material, weighing 900 gr/m2 for all our pool games. The material we use is strong and colorfast. In addition, the material is chlorine-resistant and suitable for use in water. This ensures the print lasts for years to come, which makes it a durable product. The diving mat comes with a 1-year warranty.

Purchase this convenient diving mat for your pool and introduce a fun way for kids to get familiar with swimming under water!

More than 15,000 customers have also opted for JB

JB has made people around the world jump for joy for well over 15 years now. More often than not literally! Our team of designers, developers and logistics staff supply unique inflatable attractions in a grand way! Customers are assured of our professional service and delivery. They tend to call us 'creators of greatness' for good reason!
